The Grades and Attendance Page

Please take a moment and look at the different information presented in example 1 on the previous page. Included in the data available are attendance, current grades, historical grades, teacher comments and the school bulletin.

The “Grades and Attendance” screen is divided into three sections. The left section displays the last two weeks of attendance detail. The center section displays your child’s grades for the current and previous academic quarters of the school year as well as final grades for completed courses. The right section displays your child’s attendance summary for the current academic quarter.

One of the most powerful features of the PowerSchool web environment is the ability to interact with the data and find out more information.

Any text on the web page that is blue in color indicates that there is more data associated with that text and clicking the blue text will allow you to access that additional information.

You can click on a teacher’s name to e-mail that teacher, click on a count of absences or tardies to see the actual dates and reasons or click on a grade to see the assignments which are included in its calculation.

Feel free to browse through all available data. You have view access only and cannot damage or change anything by clicking on the blue links.

The Grades History Page

Here you can view an academic grade history for your child's current school year. Exam grades will be listed when the courses have been completed. Final grades are listed for courses that have ended as well as the grades from each completed academic quarter for the current school year. Remember you can always click on the blue text to further explore a data item. Example 3 on the next page shows what you would see if you clicked a blue percentage on the "Grade History" page.

Legend: Collected, Late, Missing, Score is exempt from final grade, Assignment is not included in final grade

¹ - This final grade may include assignments that are not yet published by the teacher. It may also be a result of special weighting used by the teacher.

Example 3

Notice when you click on a class percentage on the Grades History page there is a notation at the bottom of the screen (see example 3 above) that states “Grades were last updated on...” This is the last time the teacher updated this grade in their grade book. You may also see “Grades were last stored on...” This is when grades were made permanent on the administrative side of PowerSchool.

The Attendance History page

To see additional attendance detail for the current academic quarter click “Attendance History” from the tool bar. Example 4 below shows the attendance grid with each course listed down the left. The column “Expression” indicates the day and period the class meets. An example would be P1 (A-B). This course would meet period 1, days 1-2.

At the bottom of the attendance history page is a legend (see example 4a) describing the various attendance codes used. Common codes are “A” for absent, “E” for Excused absence “U” for unexcused absence, etc. Dots or dashes in the grid indicate periods the class was not currently in session for your child.

The Email Notification Page

Clicking “Email Notification” from the tool bar allows you to have PowerSchool send you email notifications of the available information. Please refer to Example 5 to see the options associated with email notifications. You can enter several email addresses if more than one person is to receive the update. Separate the addresses with a comma.

Example 5

The Teacher Comments Page

The “Teacher Comments” option allows you to see comments about your child that teachers have included in their grade book. Notice that teacher’s names are in blue text. You can click a teacher’s name to send an email.

The screenshot shows a web browser window displaying the PowerSchool interface. The page title is "Salem, Emily D., 13 Carbon Lehigh High School - Apple Grove School District". The main navigation bar includes icons for Grades and Attendance, Grades History, Attendance History, Email Notification, Teacher Comments, School Bulletin, Class Registration, Balance, and My Calendar. The "Teacher Comments" section is active, showing a table with the following data:
